## **Register Your Business Names and Your Internet Domain Names at [www.oncorp.com](http://www.oncorp.com)**

November 17, 2004 – OnCorp Direct Inc. launches Internet domain name registration services in partnership with FavorHosting Corporation, a Web hosting and Internet solution provider. This new service is the latest addition to OnCorp's robust suite of business search and registration services. When registering a business or incorporating a company online at [www.oncorp.com](http://www.oncorp.com), users can now seamlessly check for availability and reserve domain names from OnCorp's user-friendly interface.

"Having a Web presence is a key component of most businesses today since it offers visibility and credibility," says Rani Advani, CEO of OnCorp Direct Inc. "Accordingly, new business owners are strongly advised to check and register their domain names as early as possible during the business registration process."

For \$24.95, users can now register a domain name online at [www.oncorp.com](http://www.oncorp.com). Upon completing a registration, users can also choose a Web hosting package or a custom solution offered by FavorHosting to create their new website. "FavorHosting provides reliable, efficient service," says Michael Goldman, President of Facilitation First. "Since bringing them onboard we have noted an increase in reliability, performance and have had no service issues."
